Technical Data Sheet

GRAPHCAL™
DIGITAL SIGN MEDIA

The Graphcal™ GS1685 Photo Paper Glossy is engineered to lay flat with little or no curl for smooth, trouble-free print production and has been upgraded to take advantage of the wider color gamut and improved ink technology of the latest generation of wide format printers. Graphcal™ Photo Paper has a larger color gamut to ensure that photographic colors reproduce more accurately, while producing a deeper richer black, an expanded dynamic range and additional details in shadow areas.
